Digital Still Camera

PRODUCT HIGHLIGHTS

- 14.2 Megapixel
- 18x optical long zoom lens
- 3.0" LCD screen

Focus far, focus wide. Always get your shots – all in dazzling detail.

The WB700 packs a full complement of high-performance still and video features into a point-and-shoot body. Its 18x optical zoom is boosted by a digital Super Zoom that extends its range to an impressive 24x. Combined with the 24mm ultra-wide Schneider lens, the WB700 lets you capture not just the brilliant feathers of a distant bird in 14 Megapixel detail, but the flowers in the surrounding trees, as well.

WB700

Voice recording: Mono

FEATURES

Dual Image Stabilization: Get brighter and more natural pictures, while also reducing the effects of image blur in lower light conditions.

Full manual controls: Manual modes let you focus on subjects, capture fast-action shots – or enjoy total creative freedom.

Movie recording: Record movies in the palm of your hand.

Smart Auto: Using your selected shoot mode, Smart Auto takes perfect shots automatically, based on lighting and other conditions.

Smart Filter 2.0: Smart Filter 2.0 special-effects filter technology changes the mood of stills and movies. Soft Focus gives images a smoother look; Half Tone Dot turns images into a unique dot-pattern; Old Movie imparts a retro look; and Enhanced Movie Filter glorifies the movie imagery.

Portrait Highlight: Samsung's smart Portrait Highlight technology makes everyone photograph looking their absolute best – automatically, every time.
